About Artefact | artefact.com

Created from the merger of the startup Artefact founded in Paris in 2015 and the media agency NetBooster founded in 1998, Artefact has emerged in 4 years as a leading player in Data et Artificial Intelligence (AI). Listed on Euronext Growth Paris Stock Exchange and operating in 19 countries on 4 continents with close to 1,000 employees, Artefact is a data native company provides four complementary offers - Data Consulting, Digital Marketing Expertise, Technology Deployment (AI and Big Data) and Creative Studio - to more than 600 customers including many world leaders. Artefact has created in January 2019 its own AI R&D center and has been serving international groups in creating their own AI Lab.
